### **Orion sees strong first quarter activity**

*A large number of new installs and upgrades keeping the company busy*

Atlanta, GA – April 7, 2006 – Orion Law Management Systems, Inc. (Orion), producers of the Orion Financial and Practice Management software, announced today that strong demand for the Orion 4.0 system resulted in a strong first quarter for 2006. Among multiple installs, Orion upgraded current systems and implemented Practice Management for Reid & Riege, P.C. and Stafford Rosenbaum LLP. Orion also welcomed Hollister & Brace, P.C. as new clients.

Like many firms who currently use Orion's Financial Management software, Hartford, CT based Reid & Riege, P.C. and Madison, WI based Stafford Rosenbaum LLC decided to upgrade their systems to Orion 4.0. The firms also elected to install Orion's Practice Management system, which is fully integrated with Financial Management, providing both a more robust firm management software package.

Headquartered in Santa Barbara, California, Hollister & Brace, P.C. switched from their previous time and billing system to Orion 4.0. Citing pricey upgrades, support and maintenance, as well as the instability of their previous system, the firm felt this change would be a better fit for their technology needs.

Orion Law Management Systems president Paul Yelton said, "It has been a very busy first quarter for us, and it doesn't appear to be slowing down. Many firms are seeing the advantages that Orion 4.0 has to offer, and we plan to make the software better and more useful for our clients as the year progresses."
